MANGALI MADHU PRASAD

Storage & Hybrid Cloud Engineer · Infrastructure Automation · Agentic AI

Hyderabad, India | madhuprasad.infra@gmail.com | LinkedIn: linkedin.com/in/madhuinfra | StorageAdmin Hub: madhu-infra.github.io/enterprise-storage-suite | Medium: @madhuprasadcse

PROFESSIONAL SUMMARY

- **7.6+ years** of experience across enterprise storage engineering, hybrid cloud infrastructure, and intelligent IT operations.
- Deep hands-on expertise in SAN/NAS platforms (**NetApp ONTAP, Dell EMC PowerMax/VMAX, EMC Isilon, Hitachi, IBM Storage**), LUN provisioning, and Cisco MDS / Brocade SAN fabric zoning.
- Experienced in **AWS & Azure** hybrid cloud storage (S3, Glacier, FSx for NetApp ONTAP, Azure Blob, Azure NetApp Files, Cloud Volumes ONTAP).
- Builder of **Python and Agentic AI automations** (Gemini, Copilot, Google Antigravity) that reduced manual daily storage operations by **90%**. Founder of **Storage Synergy** (1,000+ member storage & cloud community) and author of **PromptOps Weekly**.

CORE SKILLS

Enterprise Storage & SAN: NetApp ONTAP, Dell EMC PowerMax / VMAX, Dell EMC Isilon, Hitachi, IBM Storage, Brocade FOS, Cisco MDS SAN (LUN masking & zoning), CIFS / NFS.

Hybrid & Public Cloud: AWS (VPC, EC2, EBS, S3, Glacier, FSx for ONTAP, CloudEndure Migrations), Azure (VNet, VMs, ADDS, Blob Storage, Azure NetApp Files, Cloud Volumes ONTAP).

AI & Automation: Python scripting, Agentic AI workflows, Google Gemini & Gems, Microsoft Copilot, Claude, Google Antigravity, Prompt Engineering.

Monitoring, ITIL & OS: ServiceNow (Incident, Change, Problem, Deployment), Spectrum, BigPanda, OEM, CloudWatch, Linux (RHEL/Ubuntu), Windows Server.

WORK EXPERIENCE

App / Cloud Support Specialist (Enterprise Storage Operations) — Accenture Solutions Pvt Ltd

Mar 2026 – Present · Hyderabad, India

- Manage enterprise storage operations across NetApp ONTAP, Dell EMC PowerMax, IBM Storage, and Cisco SAN environments for a global financial services enterprise.
- Execute storage provisioning, LUN expansion, capacity reclamation, array decommissioning, and SAN fabric zoning.
- Administer NAS operations including CIFS share creation, NFS exports, and storage allocation.
- Plan and execute NetApp ONTAP, PowerMax, and Cisco SAN firmware/software upgrades and scheduled maintenance.
- Built AI troubleshooting agents for NetApp storage operations and Dell EMC / Cisco SAN diagnostics to standardize and accelerate incident resolution.

Storage Engineer — Intercontinental Exchange (ICE / NYSE)

Aug 2021 – Mar 2026 · Hyderabad, India

- Managed enterprise storage across NetApp, Dell EMC Isilon, VMAX/PowerMax, and Hitachi in mission-critical financial trading environments.
- Automated daily storage health checks with Python and Gen AI, reducing manual verification workload by **90%**.
- Delivered zero-impact firmware upgrades, hardware tech refreshes, and storage capacity expansions.
- Led infrastructure monitoring and incident response across compute, storage, cloud, and database tiers, sustaining **99.9% uptime**.
- Executed disaster recovery (DR) drills, coordinated vendor RMAs and RCAs for critical incidents, and enforced ITIL SLA compliance.

System Administrator — Wipro Limited (via Vara InfoTech)

Jul 2019 – Aug 2021 · Hyderabad, India

- Provided infrastructure operations support across compute, storage, cloud, and production applications.
- Monitored alerts, batch jobs, and backups; escalated and resolved incidents per ITIL workflows.
- Coordinated with infrastructure and application teams during patching, changes, and releases using Jenkins-integrated dashboards.

KEY PROJECTS & COMMUNITY LEADERSHIP

- **StorageAdmin Hub (madhu-infra.github.io/enterprise-storage-suite):** Built an open web portal and SAN administration handbook with zoning calculators and CLI runbooks for NetApp ONTAP, PowerMax, Cisco MDS, and Brocade FOS.
- **Enterprise Storage AI Agents:** Created specialized Gemini AI agents for *NetApp ONTAP Storage Ops* and *SAN Storage Troubleshooting* (PowerMax, Cisco MDS, Brocade) plus multi-step agentic workflows using Google Antigravity.
- **Storage Synergy & PromptOps Weekly:** Founded Storage Synergy (1,000+ storage & cloud engineers on LinkedIn and WhatsApp) and publish the PromptOps Weekly newsletter (3,650+ LinkedIn followers).

CERTIFICATIONS

- Google Gemini Certified Professional Skills (CPS) Badges

EDUCATION

- **B.Tech in Computer Science & Engineering** — Vaagdevi Institute of Technology & Science (JNTU Anantapur)
- **Diploma in Computer Engineering** — Govt. Polytechnic College, Proddatur
